**Faculty:**
- **Suzanne A. Nesbit, Pharm.D., BCPS, CPE, FCCP,** The Johns Hopkins Hospital, Baltimore, Maryland
- **Lee A. Kral, Pharm.D., CPE,** University of Iowa Hospitals & Clinics, Iowa City, Iowa

**Learning Objectives**
- Describe the updated Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) Pain Questions and value-based purchasing.
- Discuss the updated Joint Commission Pain Standards.
- Employ strategies to aid in improvement of quality based metric.
- Explain the role pharmacists can play in strategies to improve quality metrics and patient care experience.
- Explain the advantages and disadvantages of multidisciplinary rehab programs.
- Distinguish the cognitive behavioral techniques that might be helpful with specific components of the biopsychosocial model of chronic pain.
- Discuss the efficacy of massage and acupuncture in association with possible analgesic mechanisms.
- Differentiate between TENS unit, scrambler therapy and spinal cord stimulator therapies.
Methods and CE Requirements
Participants must participate in the entire activity and complete the evaluation to earn continuing pharmacy education credit. Follow the prompts online at the ASHP eLearning portal (http://elearning.ashp.org) to claim credit and view statements of credit within 60 days of completing the activity. Credits will be reported directly to CPE Monitor. To verify that you have completed the required steps and to ensure your credits hours have been reported to CPE Monitor, we encourage you to check your NABP eProfile account to validate your credits were transferred successfully before the ACPE 60-day deadline. After the 60 day deadline, ASHP will no longer be able to award credit.

Disclosures
In accordance with the ACPE’s and ACCME’s Standards for Commercial Support, everyone in a position to control the content of an educational activity is required to disclose to the accredited provider their relevant financial relationships. An individual has a relevant financial relationship if he or she (or spouse/domestic partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the activity content over which the individual has control.

A commercial interest is any entity producing, marketing, re-selling, or distributing healthcare goods or services consumed by, or used on, patients. The Standards for Commercial Support do not consider providers of clinical services directly to patients to be commercial interest.

All planners, presenters, reviewers, and staff report no financial relationships relevant to this activity.

System Technical Requirements
Courses and learning activities are delivered via your Web browser and Acrobat PDF. Users should have a basic comfort level using a computer and navigating websites.

View the minimum technical and system requirements for learning activities.

Acknowledgements of Support
This activity was planned and developed by The American Society of Health-System Pharmacists.
