Learning Objectives and Schedule of Activities

Activity CE Information	Title, Description, and Learning Objectives
ACPE #: 0204-0000-19-731-H07-P 0204-0000-19-731-H07-T CE Hours: 2 Activity Type: Application	Title: Stability and Sterility: Assigning Beyond Use Dates This activity discusses the factors that influence the stability and sterility of sterile product preparations and considerations when assigning beyond-use dates. Learning Objectives: <ul style="list-style-type: none"> List factors that influence beyond-use date assignments for compounded sterile preparations. Describe physical and chemical compatibility criteria for components. Apply USP <797> risk categories to assigning a proper beyond-use date for compounded sterile preparations. Recommend beyond-use date for a final compounded sterile preparation using evidence-based information.

Faculty Information

Kevin N. Hansen, Pharm.D., M.S., BCPS

Assistant Director of Pharmacy (Sterile Products, Special Formulations, Perioperative Services)

Moses H. Cone Memorial Hospital

Greensboro, North Carolina

Disclosures

In accordance with the ACPE's and ACCME's Standards for Commercial Support, anyone in a position to control the content of an educational activity is required to disclose to the accredited provider their relevant financial relationships. In accordance with these Standards, all potential conflicts of interests have been resolved. *An individual has a **relevant financial relationship** if he or she (or spouse/domestic partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the activity content over which the individual has control.*

CE Activity Announcement

As defined by ACCME, a **commercial interest** is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The Standards for Commercial Support do not consider providers of clinical service directly to patients to be commercial interests.

- Kevin N. Hansen, Pharm.D., M.S., BCPS, Baxter International, Inc.: speaker and PharMEDium Services, LLC: speaker
- All other planners, presenters, reviewers, and ASHP staff report no financial relationships relevant to this activity.

Methods and CE Requirements

This online activity consists of a combined total of 14 learning modules. Pharmacists and pharmacy technicians are eligible to receive a total of 29.00 hours of continuing education credit by completing all 14 modules within this certificate program.

Participants must participate in the entire activity, complete the evaluation and all required components to claim continuing pharmacy education credit online at ASHP eLearning Portal. Follow the prompts to claim credit and view your statement of credit within 60 days after completing the activity.

Important Note – ACPE 60 Day Deadline:

Per ACPE requirements, CPE credit must be claimed within 60 days of being earned – no exceptions! To verify that you have completed the required steps and to ensure your credits have been reported to CPE Monitor, we encourage you to check your NABP eProfile account to validate your credits were transferred successfully before the ACPE 60-day deadline. After the 60 day deadline, ASHP will no longer be able to award credit for this activity.

System Technical Requirements

System Requirements Courses and learning activities are delivered via your Web browser and Acrobat PDF. Users should have a basic comfort level using a computer and navigating web sites.
