Activity CE Information	Title, Description, Faculty, and Learning Objectives
<p>ACPE # 0204-0000-19-753-H07-P</p> <p>CE Hours: 3.25 Activity Type: Application</p>	<p>Title: Patient Care</p> <p>This activity covers patient- and preparation-specific parameters associated with sterile product preparation that affect patient outcomes, communication strategies to influence adherence or provider practices, and managing adverse events.</p> <p>Learning Objectives:</p> <ul style="list-style-type: none"> • Discuss how sterile compounding has evolved with a greater focus on patient care. • Assess patient-specific and preparation-specific parameters that affect patient outcomes. • Differentiate methods of medication administration and delivery systems. • Recommend communication strategies to influence patient adherence and healthcare provider practices. • Contrast pharmaceutical storage, handling, and disposal requirements for healthcare workers and patients. • Evaluate how duration of therapy impacts preparation and administration techniques. • Restate core principles of patient safety and infection control. • List relevant drug information resources. • Describe effective communication systems for problems, concerns, and complaints. • Compare patient-specific risk factors with associated adverse events. • Recommend approaches to treat or prevent adverse events. • Analyze adverse events utilizing appropriate investigative inquiry and reporting systems.

Faculty Information

Erich Brechtelsbauer, Pharm.D., M.S., BCPS

Manager, Ambulatory Infusion
Emory Healthcare
Atlanta, Georgia

Disclosures

In accordance with the ACPE's and ACCME's Standards for Commercial Support, anyone in a position to control the content of an educational activity is required to disclose to the accredited provider their relevant financial relationships. In accordance with these Standards, all potential conflicts of interests have been resolved. *An individual has a **relevant financial relationship** if he or she (or spouse/domestic partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the activity content over which the individual has control.*

As defined by ACCME, a **commercial interest** is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The Standards for Commercial Support do not consider providers of clinical service directly to patients to be commercial interests.

- All planners, presenters, reviewers, and ASHP staff report no financial relationships relevant to this activity.

Methods and CE Requirements

This online activity consists of a combined total of 16 learning modules. Pharmacists are eligible to receive a total of 38.00 hours of continuing education credit by completing all 16 modules within this certificate program.

Participants must participate in the entire activity, complete the evaluation and all required components to claim continuing pharmacy education credit online at ASHP eLearning Portal. Follow the prompts to claim credit and view your statement of credit within 60 days after completing the activity.

Important Note – ACPE 60 Day Deadline:

Per ACPE requirements, CPE credit must be claimed within 60 days of being earned – no exceptions! To verify that you have completed the required steps and to ensure your credits have been reported to CPE Monitor, we encourage you to check your NABP eProfile account to validate your credits were transferred successfully before the ACPE 60-day deadline. After the 60 day deadline, ASHP will no longer be able to award credit for this activity.

System Technical Requirements

System Requirements Courses and learning activities are delivered via your Web browser and Acrobat PDF. Users should have a basic comfort level using a computer and navigating web sites.
